Orange Builders are Ontario's leading home renovation specialists. For over 10 years, we have provided a full spectrum of services, including kitchen remodelling, bathroom renovations and basement finishing. We have a talented team of architectural designers, certified professionals and contractors, who deliver the best results every time.

Every contractor on our team is insured by **WSIB and General Liability Insurance**, meaning you won't have to worry about any on-site injuries. Due to the nature of this industry, workplace injuries are very common and we ensure that you won't have to worry about them. Our team of contractors are highly skilled and professional individuals, there is never a handyman on-site. You will only have **certified** individuals working on-site.

We have built a solid reputation with our clients for quality workmanship, and project professionalism.
